Education

Heritage Institute of Technology

B.Tech in Electronics and Communication Engineering

2024 – 2028

CGPA: 9.25/10

Class XII: 90% | WBHSE | 2022

Class X: 92% | WBSE | 2020

Technical Skills

Languages	C, Java, Python, JavaScript, MySQL
Frontend	HTML, CSS, JavaScript, React.js, Tailwind CSS
Backend	Node.js, Express.js
Databases	MongoDB, MySQL
Full Stack	MERN Stack
Core Concepts	Data Structures & Algorithms, Object-Oriented Programming, Web Development
Tools	Git, GitHub, Visual Studio Code

Projects

Tic-Tac-Toe

Web Development Project

- Developed an interactive Tic-Tac-Toe game with a polished and visually engaging user interface.
- Implemented core game logic and interactive gameplay functionality for a smooth user experience.
- Focused on responsive UI design and intuitive user interactions to create a clean, accessible game interface.

Green Link – Smart Campus Monitoring

Android / Smart Campus Project

- Developed a smart campus monitoring application designed to track environmental and resource-related campus data.
- Worked with Kotlin and MongoDB to support application functionality and data management across campus monitoring modules.
- Integrated monitoring of energy, water, waste, indoor air quality, safety, and mobility-related data.
- Implemented data visualization and AI-assisted recommendations to help users understand campus resource usage and sustainability trends.

Personal Portfolio

Web Development

- Developed a personal portfolio website showcasing education, technical skills, projects, and professional information.
- Designed the portfolio with a modern web interface focused on clear presentation and responsive user experience.
